MEDICAL FEE DISPUTE RESOLUTION FINDINGS AND DECISION

PART I: GENERAL INFORMATION

Requestor Name and Address: VISTA SURGICAL CENTER WEST 4301 VISTA ROAD PASADENA TX 77504	MFDR Tracking #: M4-03-7100-01
	DWC Claim #:
	Injured Employee:
Respondent Name and Box #: ZURICH AMERICAN INSURANCE CO Box #: 19	Date of Injury:
	Employer Name:
	Insurance Carrier #:

PART II: REQUESTOR'S POSITION SUMMARY

Requestor's Position Summary: "Vista Surgical Center West charges the above-referenced services at a fair and reasonable rate. Specifically, these rates are based upon a comparison of charges to other Carriers and that amount of reimbursement received for these same or similar services. The amount of reimbursement deemed to be fair and reasonable by Vista Surgical Center West is at a minimum of 70% of billed charges. This is supported by a managed care contract with 'Focus'."

Amount in Dispute: \$3766.42

PART III: RESPONDENT'S POSITION SUMMARY

Respondent's Position Summary: "Carrier's position is that the bill has been paid at a fair and reasonable rate, in accordance with TWCC Medical Fee Guidelines, Commission policy, and the Texas Labor Code." "Carrier has determined that \$387.60 represents fair and reasonable reimbursement for this service. The provider must therefore prove that the reimbursement received is not fair and reasonable."

PART IV: SUMMARY OF FINDINGS

6/17/2002	F, NR	Ambulatory Surgery Care Services	\$3766.42	\$0.00
Total Due:				\$0.00

PART V: REVIEW OF SUMMARY, METHODOLOGY AND EXPLANATION

Texas Labor Code §413.011(a-d), titled *Reimbursement Policies and Guidelines*, and Division rule at 28 Texas Administrative Code §134.1, titled *Use of the Fee Guidelines*, effective May 16, 2002 set out the reimbursement guidelines.

This request for medical fee dispute resolution was received by the Division on May 19, 2003. Pursuant to Division rule at 28 TAC §133.307(g)(3), effective January 1, 2003, 27 TexReg 12282, applicable to disputes filed on or after January 1, 2003, the Division notified the requestor on June 6, 2003 to send additional documentation relevant to the fee dispute as set forth in the rule.

- For the services involved in this dispute, the respondent reduced or denied payment with reason code:
 - F-Fee guideline MAR reduction.
 - NR-Bill repriced according to a negotiated rate.
 - Reimbursement for services not identified in established fee guidelines shall be reimbursed at fair and reasonable rates as described in the Texas Workers' Compensation Act until such period that specific fee guidelines are established by the commission.
- The Respondent raised the issue of reduction due to a negotiated rate; however, a review of the submitted EOBs does not support a negotiated rate reduction was taken. Neither party submitted a copy of a contractual agreement to

support this EOB denial; therefore, the disputed services will be reviewed in accordance with applicable Division rules and fee guidelines.

3. Division rule at 28 TAC §134.401(a)(4), effective August 1, 1997, states “Ambulatory/outpatient surgical care is not covered by this guideline and shall be reimbursed at a fair and reasonable rate until the issuance of a fee guideline addressing these specific types of reimbursements.”
4. This dispute relates to services with reimbursement subject to the provisions of Division rule at 28 TAC §134.1, effective May 16, 2002, 27 TexReg 4047, which requires that “Reimbursement for services not identified in an established fee guideline shall be reimbursed at fair and reasonable rates as described in the Texas Workers’ Compensation Act, §413.011 until such period that specific fee guidelines are established by the commission.”
5. Texas Labor Code §413.011(d) requires that fee guidelines must be fair and reasonable and designed to ensure the quality of medical care and to achieve effective medical cost control. The guidelines may not provide for payment of a fee in excess of the fee charged for similar treatment of an injured individual of an equivalent standard of living and paid by that individual or by someone acting on that individual’s behalf. It further requires that the Division consider the increased security of payment afforded by the Act in establishing the fee guidelines.
6. Division rule at 28 TAC §133.307(g)(3)(C)(iv), effective January 1, 2003, 27 TexReg 12282, applicable to disputes filed on or after January 1, 2003, requires the requestor to send additional documentation relevant to the fee dispute including a statement of the disputed issue(s) that shall include “how the submitted documentation supports the requestor position for each disputed fee issue.” Review of the submitted documentation finds that the requestor did not state how the submitted documentation supports the requestor’s position for each disputed fee issue. The Division concludes that the requestor has not met the requirements of Division rule at 28 TAC §133.307(g)(3)(C)(iv).
7. Division rule at 28 TAC §133.307(g)(3)(D), effective January 1, 2003, 27 TexReg 12282, applicable to disputes filed on or after January 1, 2003, requires the requestor to provide “documentation that discusses, demonstrates, and justifies that the payment amount being sought is a fair and reasonable rate of reimbursement.” Review of the submitted documentation finds that:
 - The requestor’s position summary states that “Vista Surgical Center West charges the above-referenced services at a fair and reasonable rate. Specifically, these rates are based upon a comparison of charges to other Carriers and that amount of reimbursement received for these same or similar services.”
 - The requestor did not provide documentation to demonstrate how it determined its usual and customary charges for the disputed services.
 - Documentation of the comparison of charges to other carriers was not presented for review.
 - Documentation of the amount of reimbursement received for these same or similar services was not presented for review.
 - The Division has previously found that “hospital charges are not a valid indicator of a hospital’s costs of providing services nor of what is being paid by other payors,” as stated in the adoption preamble to the Division’s former *Acute Care Inpatient Hospital Fee Guideline*, 22 TexReg 6276 (July 4, 1997). It further states that “Alternative methods of reimbursement were considered... and rejected because they use hospital charges as their basis and allow the hospitals to affect their reimbursement by inflating their charges...” 22 TexReg 6268-6269. Therefore, the use of a hospital’s “usual and customary” charges cannot be favorably considered when no other data or documentation was submitted to support that the payment amount being sought is a fair and reasonable reimbursement for the services in dispute.
 - In the alternative, the requestor asks to be reimbursed a minimum of 70% of billed charges, in support of which the requestor states that “The amount of reimbursement deemed to be fair and reasonable by Vista Surgical Center West is at a minimum of 70% of billed charges. This is supported by a managed care contract with ‘Focus’... This managed care contract supports Vista Surgical Center West’s argument that the usual and customary charges are fair and reasonable and **at the very minimum**, 70% of the usual and customary charges is fair and reasonable...the managed care contract shows numerous Insurance Carrier’s willingness to provide 70% reimbursement for Ambulatory Surgical Centers medical services.”
 - No evidence was presented by the requestor to support that the referenced contract was in effect at the time of the disputed services.
 - The requestor’s position statement further asserts that “...the reimbursement requested by Vista Surgical Center West is not in excess of the fee charges for similar treatment of an injured individual of an equivalent standard of living and paid by that individual or by someone acting on that individual’s behalf, as evidenced by the managed care contract attached.”
 - While managed care contracts are relevant to determining a fair and reasonable reimbursement, the Division has previously found that a reimbursement methodology based upon payment of a percentage of a hospital’s billed charges does not produce an acceptable payment amount. This methodology was considered and rejected by the Division in the adoption preamble to the Division’s former *Acute Care Inpatient Hospital Fee Guideline*, which states at 22 Texas Register 6276 (July 4, 1997) that:

“A discount from billed charges was another method of reimbursement which was considered. Again, this method was found unacceptable because it leaves the ultimate reimbursement in the control of the hospital, thus defeating the statutory objective of effective cost control and the statutory standard not to pay more than for similar treatment of an injured individual of an equivalent standard of living. It also provides no incentive to contain medical costs, would be administratively burdensome for the Commission and system participants, and would require additional Commission resources.”

Therefore, a reimbursement amount that is calculated based upon a percentage of a hospital's billed charges cannot be favorably considered when no other data or documentation was submitted to support that the payment amount being sought is a fair and reasonable reimbursement for the services in dispute.

- In support of the requested reimbursement, the requestor submitted redacted explanations of benefits, and selected portions of EOBs, from various sample insurance carriers. However, the requestor did not discuss or explain how the sample EOBs support the requestor's position that additional payment is due. Review of the submitted documentation finds that the requestor did not establish that the sample EOBs are for services that are substantially similar to the services in dispute. The carriers' reimbursement methodologies are not described on the EOBs. Nor did the requestor explain or discuss the sample carriers' methodologies or how the payment amount was determined for each sample EOB. The requestor did not discuss whether such payment was typical for such services or for the services in dispute.
- The requestor did not discuss or explain how payment of \$3766.42 would result in a fair and reasonable reimbursement for the services in this dispute.
- The requestor did not submit documentation to support that payment of the amount sought is a fair and reasonable rate of reimbursement for the services in this dispute.
- The requestor did not support that payment of the requested amount would satisfy the requirements of Division rule at 28 TAC §134.1.

The request for additional reimbursement is not supported. Thorough review of the documentation submitted by the requestor finds that the requestor has not demonstrated or justified that payment of the amount sought would be a fair and reasonable rate of reimbursement for the services in dispute. Additional payment cannot be recommended.

8. The Division would like to emphasize that individual medical fee dispute outcomes rely upon the evidence presented by the requestor and respondent during dispute resolution, and the thorough review and consideration of that evidence. After thorough review and consideration of all the evidence presented by the parties to this dispute, it is determined that the submitted documentation does not support the reimbursement amount sought by the requestor. The Division concludes that this dispute was not filed in the form and manner prescribed under Division rules at 28 Texas Administrative Code §133.307(g)(3)(C), and §133.307(g)(3)(D). The Division further concludes that the requestor failed to support its position that additional reimbursement is due. As a result, the amount ordered is \$0.00.
